Notes regarding the amendments to the safeguard duties on hot-rolled steel products which were published on 31 August 2018.

### **Background**

According to the World Trade Organization, WTO members "may take a 'safeguard' action (i.e. **restrict imports of a product temporarily**) to protect a specific domestic industry from an increase in imports of any product which is causing, or which is threatening to cause, serious injury to the industry".

In March 2016, the International Trade Administration Commission (ITAC) initiated an investigation into remedial action in the form of a safeguard against the increased import of certain hot-rolled products, following an application by the South African Iron and Steel Institute (SAISI) on behalf of the industry in the Southern African Customs Union (SACU).

In its final determination in ITAC Report No. 551, the Commission recommended that safeguard duties be imposed on certain flat hot-rolled steel products classifiable under heading 72.08 and subheadings 7211.19, 7225.30, 7225.40, 7225.91 and 7225.99 to take remedial action against a surge of imports on the products in question. The notices to implement the recommendation

(Notices R. 829 to R. 831) were published in *Government Gazette* No. 41038 of 11 August 2017. Since safeguard duties are temporary measures, they must be phased out over a period of three years. Three notices were thus published to implement the existing rate of safeguard duty (initially 12% with effect from 11 August 2017), and to gradually reduce the rate of 12% to 10% and 8% respectively with effect from 11 August 2018, and then from 11 August 2019 until the expiry date of 10 August 2020.

Following the imposition of the safeguard duty, which is an additional customs duty, ITAC received an application for the creation of a temporary rebate provision on safeguard duty applicable to certain hot rolled steel products classifiable under certain tariff subheadings of headings 72.08 and 72.25, and following their investigation, recommended that the rebate provisions be created in the circumstances.

ITAC then decided to initiate its own investigation into the creation of rebate provisions on the ordinary customs duty and safeguard duties applicable to the products subject to the duties, with a view of creating rebate provisions for the subject products which are not manufactured in the Southern African Customs Union (SACU).

ITAC evaluated information received from various manufacturers and based on the information received, recommended that temporary rebate provisions be created under item 460.15 for various products classifiable under the subheadings in question.

Reports 581 and 585 were the latest reports that recommended the creation of such rebate provisions.

The following notices to give effect to the recommendations of these reports have been published on 31 August 2018.

### Please see below:

In terms of Section 75 of the Customs and Excise Act, 1964, Part 2 of Schedule No. 4 to the said Act is amended to the extent indicated in the note below:

Temporary rebate provisions (items 460.15/7208.51/01.06 and 460.15/7225.40/19.06) have been created to exempt certain hot-rolled steel plate products classifiable in tariff subheadings 7208.51 and 7225.40 from payment of ordinary customs duty and safeguard duties as recommended in ITAC Report 585.

Government Gazette 41871, R. 915, 31.08.2018 A4/2/390

Schedule No. 2 was amended on 17 June 2016 by the insertion of rebate items listed in Schedule No. 3 and 4 in the column headed "Rebate Items" which will be subject to the payment of additional duties in Schedule No. 2 as recommended in ITAC Minute M10/2015. This recommendation was made to specifically provide for rebate provisions like the ones above to be excluded from payment of the duties in Schedule No. 2.

With effect from 17 June 2016 provisions in Schedule 2 had to be amended by the insertion of rebate provisions relating to these provisions.

Consequential to this measure, the individual safeguard duty provisions had to be amended to reflect the rebate provisions in question. Up to and including 10 August 2018 there were 3 safeguard duty provisions relating to the hot-rolled steel products, and every time a rebate provision was created each of these safeguard duty provisions had to be amended to reflect the rebate provision. Currently there will be two amendments under Part 3 of Schedule No 2 – to reflect the rebate provisions to be exempted. (NOTE THE EFFECTIVE DATES, AND KEEP IN MIND THAT THESE AMENDMENTS COINCIDED WITH THE ANNUAL REDUCTION OF THE SAFEGUARD DUTY FROM 10% TO 8%):

	Gov. Gazette No.	Notice No.	Publication Date	Reference	Report	Effective Date
1	41871	R. 914	31.08.2018	A2/3/24	585	11 August 2019 up to and including 10 August 2020
2	41871	R. 913	31.08.2018	A2/3/23	585	31 August 2018 up to and including 10 August 2019

The notices above have been published to exclude the goods that are covered by the rebate provisions from payment of safeguard duty. The Notices highlighted and in italics will be combined, and will be the existing safeguard duty provisions.
